Program Philosophy

The overall goals of the camp is to insure that athletes learn the importance of working together, have fun learning an Olympic sport from an actual Olympian, while at the same time forging friendships through their common interest in fencing. With over 20 years of experience working with students ranging from youth, intermediate, collegiate and world class athletes, Coach Sankofa has a wealth of experience making sure students leave camp with knowledge of the sport, their own ability as well as an appreciation for what it takes to be a champion.
